## WAYNE BENNETT

All slides from February, 1959 to mid October, 1966 in which Wayne Bennett appears are in this DVD.

I started taken slides when we moved to Youngstown, NY in the summer of 1958. We moved from Idaho Falls, Idaho when I started working for Uhl, Hall & Rich on the Niagara Power Project. In December 1961, when my phase of work was finished, we moved to Yanhee, Thailand

I worked for Sverdrup & Parcel on the Yanhee Project in NE Thailand from December, 1961 to November, 1963. We moved back to the States, completing an around the world trip. In late January, 1964 we moved to Naperville, IL when I joined Harza Engineering Company of Chicago.

### SUMMARY OF OUR TRIP HOME

I was released from the Yanhee Project when the concrete production phase of the project was basically completed in early November, 1963. Kathy was still at her boarding school in India. We visited Bangkok and Penang, waiting for her school year to end.

Our travel plans to the States was to leave Yanhee with stop overs in Bangkok, Penang, Bangkok, New Delhi (to get Kathy), Cario, Athens, Rome, Madrid, Lisbon, New York City and ending up in Charlotte, NC. This completed our "Around the World" trip that started in Charlotte in late December, 1961

We were on the beach in Penang when President Kennedy was shot on November 22, 1963

We arrived in New Delhi the day before Kathy was schedule to come to New Delhi from her school by train. The next morning we went to the Station. The Station was very large and crowded, but we finally got together. The food situation at the school was very poor and Kathy was extremely hungry. For the next week or so, Kathy consumed much more food than we did. By the time we arrived in Madrid we had made a decision to bypass Lisbon and stay on the plane for New York City.

We spent several days in NY City sightseeing, plus I went to a job interview about a job in Pakistan. I was offered the position but I turned it down. On December 17, 63 we went to the General Motors New York City Office to make the necessary arrangements to get our new Chevrolet car that we purchased in Bangkok. They took us to a Chevrolet Dealer in Hasbrouck Heights, NJ where we received our car.

While we were in Bangkok we visited a General Motors Chevrolet Dealership and placed an order for a 1964 four door Impala sedan with an automatic transmission, radio, padded panel and a two speed wiper and washer. The cost was \$2,637.38 the color was Satin Silver. We left Hasbrouck Heights and started driving to Charlotte. In Charlotte, we stayed with Jim parents until Kathryn found a place that we could rent until Jim could find a job. We had our trip film developed but the company used the wrong process and we loss all the pictures taken while we were in Penang, Madrid and New York City. In early January I interviewed with Harza Engineering Company in Chicago, IL and accepted a staff position. We moved to Naperville, IL in February, 1964
